INTERACTIVE MEMORY MACHINE

SPATIAL DISORIENTATION

TEAM 10

MEMORY AND THE SUBCONSCIOUS

MEMORY IS NOT A FIXED RECORD.
IT IS CONTINUOUSLY RECONSTRUCTED, ALTERED,
AND REINTERPRETED THROUGH THE
SUBCONSCIOUS.

DREAMS REVEAL THIS INSTABILITY — WHERE
FRAGMENTS OF REALITY ARE REORGANISED INTO
UNFAMILIAR SPATIAL EXPERIENCES.

FROM MEMORY TO DREAM

MEMORIES ARE DISTORTED, FILTERED AND RECOMBINED DURING SLEEP, PRODUCING SPACES THAT FEEL BOTH FAMILIAR AND DISJOINTED

INSTABILITY OF SPATIAL RECALL

RECALLING MEMORIES DO NOT RETURN COMPLETELY INTACT.
ELEMENTS ARE LOST, BLURRED, OR INCORRECTLY ASSOCIATED.

THIS RESULTS IN SPATIAL CONDITIONS THAT ARE INCOMPLETE,
INCONSISTENT, AND OFTEN ILLOGICAL.

SUBCONSCIOUS AS SPATIAL GENERATOR

WE RECONSTRUCT SPATIAL EXPERIENCE FROM SUBJECTIVE RECALL AND SUBCONSCIOUS DISTORTION.

SUBJECTS AS DATASET

JW

NT

VP

ZH

EACH PARTICIPANT RECORDS:

A RECENT MEMORY (WAKING EXPERIENCE)

A CORRESPONDING DREAM
(SUBCONSCIOUS RECONSTRUCTION)

2

GENERATION

NARRATIVES ARE TRANSLATED INTO VISUAL SEQUENCES USING GENERATIVE MODELS.

PRODUCING INITIAL SPATIAL INTERPRETATIONS

3

ANALYSIS

GENERATED OUTPUTS ARE EXAMINED FOR DISTORTIONS AND INCONSISTENCIES

- RECURRING ELEMENTS
- INCONSISTENCIES
- UNEXPECTED OVERLAPS

4

INTERPRETATION

CLAUDE AI IS USED AS AN INTERPRETIVE AGENT TO DETERMINE HOW MEMORY HAS SHIFTED.

TRANSFORMATION LOGIC IS DERIVED FROM OBSERVED PATTERNS.

- OMISSION - MISSING ELEMENTS
- OBSCURATION - REDUCED CLARITY
- MISASSOCIATION - INCORRECT RELATIONSHIPS

5

SPATIAL TRANSLATION

THE IDENTIFIED TRANSFORMATIONS ARE TRANSLATED INTO SPATIAL CONDITIONS:

- MISSING OBJECTS → INCOMPLETE INTERIORS
- BLURRED BOUNDARIES → UNCLEAR SPATIAL LIMITS
- MISALIGNED ELEMENTS → DISRUPTED ORGANISATION

OUTPUT

THE FINAL OUTPUTS ARE **VIDEO WALKTHROUGHS** OF INTERIOR SPACES GENERATED THROUGH:

- MEMORY INPUT
- SUBCONSCIOUS DISTORTION
- COMPUTATIONAL INTERPRETATION

RESULTING IN SPACES SHAPED BY SUBCONSCIOUS RECONSTRUCTION

DOCUMENTATION

1. **MEMORY (WRITTEN)**
2. **DREAM (WRITTEN)**
3. **GENERATED VIDEO / IMAGE**
4. **ANALYSED DISTORTIONS**
5. **SPATIAL TRANSLATION**

WHAT SPACE EXPRESSES THE SUBCONSCIOUS?

RETHINKING SPATIAL LEGIBILITY
